01

Pull a bead onto a head pin and form a spiral with the rest of the head pin.

02

Attach the bead pendant onto a leather cord and repeat steps 1-2 until there are 18 pendants on the cord.

03

Gather the two ends of the leather cord in a cube bead and pull this all the way down to the pendants, so they are completely assembled into a "bunch". Tie a locking knot on the leather cords.
